Brick

Inspired by the bond pattern of laying bricks, the Brick Sofa will form the foundation of your interior. While strong in its appearance, the extra layer of foam in the filling ensures that the sofa is easier to sink into and looks softer. Choose from four elements and arrange them in a structure of your liking. Slide the backrest seamlessly aCross* two parts to reveal the staggered brick pattern and back again to change its look.

Available in all Studio HENK fabrics, including our latest sustainable offerings. Made in the Netherlands.

Paper

The chair used in the example has a width of 46,5 cm. The frames of the paper tables can be mounted on three positions. The exact space between the frames depends on the type of table frame. The frames of the 350 and 400 cm tables have a fixed position. You do not have to decide on the positioning when you purchase the table. All mounting positions are already in the tabletop so you can always change the position yourself.
